

The Greene School's **401 Gives Campaign** *Tuesday, 4/1/25*

Goal for This Campaign

At TGS, we are working to support and transform the learning experiences of our students by integrating **cutting-edge technology tools and enhancing experiential learning** opportunities. The goal of this initiative is to equip students with the skills they need to succeed in an ever-evolving digital world, and we need your help to make this vision a reality.

Why Does This Matter?

Through the 401 Gives Campaign, we aim to provide students with access to innovative technology that enables them to explore subjects in ways they never thought possible. Whether it's through virtual simulations, collaborative online projects, or digital learning platforms, these resources will shape their education for the better.

Matching Gift This Year

If we are able to raise \$15,000 or more during this campaign, we will receive \$15,000 in a matching gift so every donation will help!
